Dear Parent/Carer,

Following the Government's recent announcement, we will be closed to students from 5 pm 20 March 2020.

Government advice is to keep your young people at home wherever possible. However, we will remain open for students who are vulnerable and also for students which are the child of a key worker. We will not turn any student away should they wish to come into our College. We are taking this measure in order to limit the spread of Covid-19, otherwise known as coronavirus.

Course departments will circulate full details of how students can engage with online learning throughout this shutdown, in order to lessen the impact on their learning.

The current context is obviously unprecedented in nature, so we would be grateful for your understanding with this situation.

Should you have any questions please do not hesitate to contact us. We will also be updating our website regularly, as well as our social media channels, so please check these for further information.
